

WAYNE COUNTY HEALTH DEPARTMENT

Nicholas V. Cascarelli, Ed.D. Health Commissioner **Eric A. Smith, MD Medical Director**

Wayne County Health Department to Relocate Some Offices

Wooster, Ohio – October 25, 2023. All Health Department operations currently located at the 203 S. Walnut St Building will be closed November 6th and 7th to accommodate the move to a new building. Those operations of the Wayne County Health Department will be re-opening November 8th at the new address on 244 W. South St. in Wooster, the current location for the American Red Cross. WIC, Birth and Death Records, Clinical Operations and Immunizations will resume when the new building reopens on November 8th.

“We are very excited about moving our clinical, WIC program and administrative offices from 203 S Walnut to our new location. We are very appreciative of the American Red Cross and the Wayne County Commissioners. This move doesn’t happen without graciousness of the American Red Cross and the renovations don’t occur without the Wayne County Commissioners investment and support,” according to Dr. Nicholas Cascarelli, Wayne County Health Commissioner. The renovations include a community health clinic, offices for the WIC program and a remodeled reception area.” We will be able to provide better services for the community as the facility is designed specifically for these purposes.”

The Red Cross will continue to have their Wooster office at this location. This move does not impact Health Department Environmental Health Programs (inspections, nuisance complaints, licensures and permits). Those are currently located within the County Administration Building at 428 W. Liberty Street in Wooster and will remain there and will not have any service interruption.
