

ADVENTURE AWAITS

Studies show that if clients visit a travel health expert before international travel, they are seven times less likely to get sick while on their trip!

TRAVEL CONSULTATIONS

No two journeys are exactly the same. Be prepared for your next journey by having a travel consultation at the Wayne County Health Department.

Travel consults can be scheduled on Mondays, Wednesdays or Thursdays.

Each travel consult will consist of 2 separate appointments, typically a week apart. The cost of a travel consult is \$75.00 per person.

Discounted family rates are available.

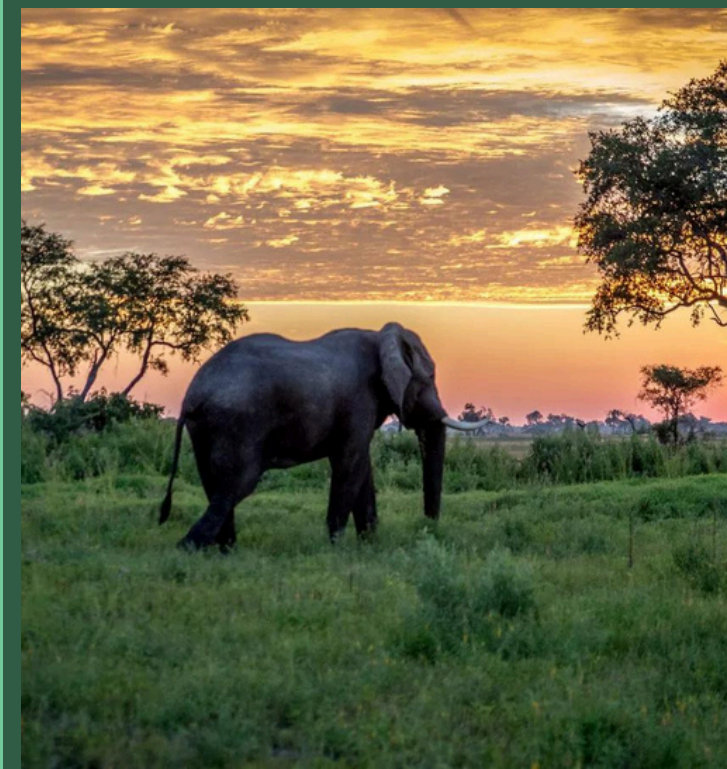

The cost of any vaccines or prescription medications are not included in the price of the consult.

CONSULTATION INCLUDES

- A personalized travel assessment for your specific destination including review of your itinerary and planned activities
- In depth health history including vaccine and medication history
- Prescriptions for any needed travel medications and administration of any needed travel vaccines

(Cost of vaccines are not included in price of travel consult.)

BOOK YOUR APPOINTMENT NOW

Some travel vaccines and medications must be ordered and taken several weeks before you leave for your trip. To avoid any issues or delays, please contact our travel nurse at least

2 months prior to travel.
